#### **Rigging/Shipping**

***Note: TBG is not the Shipper.***

The Branford Group does not pack, ship, store, crate or rig items. Buyers may either pick up their items at the designated auction site personally or can arrange for a third party logistics firm to manage the removal process for them. If someone other than the registered buyer at the sale is designated to pick up those purchased assets, the buyer must:

1. Contract with an independent logistics firm or other representative who will dismantle, crate, pack, or ship your purchased items.
2. Coordinate the removal of those purchased items to meet the time deadlines indicated on this page.
3. Submit an "[Agent Release Authorization](#)" form which will allow The Branford Group to release items to a third party contractor for shipping, crating or packing purposes. Since The Branford Group does not ship the items, we do not obtain/prepare any export licenses/documents. The Branford Group finds and displays one or more local logistics service providers who understand our removal process, offer specific services, and have certain skills and capacities. We offer this service to you without representations or warranties of any kind whatsoever.

The Branford Group is not affiliated with any machinery rigging, transport or export company. We provide the names and contact information of available companies solely as a courtesy to our buyers. The Branford Group does not endorse or guarantee the services of any machinery rigging, transport or export company, and cannot be held responsible for any damage, omission or other problems incurred as a result of the actions of those companies. Buyers are encouraged to utilize a service provider of their choice, provided they supply The Branford Group with the required forms and insurance certificates.

All buyers are solely responsible for any and all tariffs, duties, taxes, and additional fees that may be incurred when transporting items purchased at our auction across international borders. The Branford Group does not collect or facilitate these. It is the buyer's obligation to ensure compliance with all applicable import/export regulations and to pay any associated costs.
